Also to appoint a Republican Central Committee for said county for the ensuing year, and to transact any other business that may properly come before it.

What is Demanded.
We have no desire to misrepresent the position of the Catholics upon the school question. We do desire that the people shall clearly understand what that position is. In this direction the following extracts are explicit:

Catholics ought to be catholic enough to admit that we are not opposing or even questioning their faith when they protest against the interference of any church with the public schools, or the interference of any legislation with the subject of religious instruction.—N. Y. Tribune.

Catholics cannot make the above admission without ceasing to be Catholics. The forty-seventh and forty-eighth articles of the syllabus have authoritatively settled for all time that the exclusion of religious instruction from daily education is a damnable religious error, which Catholics cannot approve without a denial of faith and commission of sin. Catholic Telegraph.

Re-stated, it is a damnable religious error to exclude Catholic religious instruction from our common schools, and so long as that is done Catholics will war against the system. It seeks to make them Catholic schools—purely sectarian—and it is that idea against which we war.

The city of New York has a civil service of about 13,000 persons, or one man drawing pay to every three paying taxes. New York is a democratic city.

The ocean steamer Vicksburg, bound from Montreal to Liverpool, was down by ice June 1st. Out of a crew and passenger list of 80, only five seamen have been picked up.

The Democratic City Council, of Paris, Ky., acknowledges the reality of the Catholic-Democratic alliance. A few days since it voted an appropriation to the Catholic school at that place. The tax-payers enjoined its collection.

The Virginia and Ohio Railroad Company has been incorporated. The line is from Symmes Creek, Lawrence county, to Portsmouth.

SHROUDING BAKES is advised by some one, if he wants to do a really daring act, to try to carry the Pope's flag through Germany.

At Tiffin last week, a life-long democrat was accused while buying a copy of the Cincinnati Gazette, with the remark that it was a hopeful sign to see him ready to read a Republican paper. "Yes, yes," he answered, "this division of the school money did the thing for me, and there are plenty more like me at home. The Democratic party have effected a sale to the Roman Catholics, but they can not deliver the goods. Hereafter I am a Republican."

The Richland county Democracy held its annual convention last week. It declared for hard money, and an early resumption of specie payment. Is that Democracy in Gallia county? We have been led to believe it is not. If not, can our Democracy join hands with that of Richland county, and hurrah for Bill Allen, non-committal for Governor? The people are anxious for light. They want to know what is Democracy upon this vital subject.

The Republican candidate for Lieutenant Governor, Gen. Thomas L. Young, is a practicing lawyer in Cincinnati. He was born in Ireland, and is 53 years of age. He came to this country when very young, and at 16 years of age entered the U. S. regular army during the Mexican war, serving part of the time as Orderly Sergeant. He was one of the first in Hamilton county to volunteer in the late war, and rose to the rank of brevet Brigadier General. He was a democrat up to 1862, being at one time the editor of a democratic paper at Sidney, Ohio, but in the fall of that year, considering that the democracy ignored their principles, and took a stand against their country, he then united with the Republican party, and has ever since been one of its earnest and devoted advocates. He has been a member of both Houses of the General Assembly, and Recorder of his county. He is worthy of the position to which he will be elected in October.

Judge R. R. Nelson, of the United States District Court, in session at Winona, Minn., has rendered an opinion affirming the constitutionality of the supplementary Civil Rights Law which is believed to be the first adjudication in this direction by a Federal Judge. As Judge Nelson has been a life-long Democrat his emphatic opinion produces no little astonishment among politicians of that persuasion.

We judge that the Pope in his home at Rome has heard of the Democratic-Catholic alliance, made and concluded in this country, for in reply to an address presented him on the 1st instant from students of colleges in America, thanking him for the elevation of McCloskey to the Cardinalate, he said:

It seems that the harvest in America is ripe, and laborers are wanting. You are preparing yourselves for that work. The New Haven Register, a leading Democratic paper, is fierce against the proposed amendment to the Constitution of Connecticut, forbidding the appropriation of public school money to sectarian purposes. The Catholic-Democratic alliance has reached the State of wooden nutmegs.

Miss Barbara Swisher, who was burnt so bad, has been suffering; we learn she is better.

Albert Mauck is still at the Mountains. A sad accident occurred Mrs. Lydia Agee had been over to Mrs. Louisa Lasey's, and was starting home; she was trying to hold her horse and one line came unhooked, and she pulled on the other line, the horse whirled around and she jumped out. She bruised her arm and shoulder.

Mr. D. E. Mauck has gone to Hillsdale to spend a few weeks. Mr. D. F. Ashworth will be home in a week. Miss Anna Resener is in Cincinnati on a visit.

The young folks are commencing picnics; they had one Saturday out on Campian.

Items from Wood's Mills.
Plenty of grasshoppers a few miles above, but none in our immediate neighborhood.

What is heading out short, but very fine heads and well filled.

Corn all worked over once and some twice. We hear some complaining of an ant working on their corn. It eats the grain hollow. Remedy, coal tar and turpentine.

The United Brethren are going to have a basket meeting at the Eagle school-house, June 27th. Come, friends, Rev. Mason is a good preacher.

The cowardly crows that tried to burn Mr. J. T. Trefftz' fence posts would better remember that there is a law for such offenders.

We notice that one of the correspondents says that the United Brethren are fine fellows, only they are opposed to secret societies. Pahaw, there is no harm in that. U. B. s, neither do we belong to secret societies.

Some sick in this vicinity. Mr. J. White seems to be failing fast. W. B. White, of Jackson, is at home visiting his father and friends.

Sabbath school prospering. Services three times last Sabbath, conducted by Rev. J. J. Haining.

Miss L. M. Wood made her friends a short visit. Mr. C. Hogg, of Cheshire, last in appearance last Sunday.

Last Sabbath while Mr. J. H. Wood and family were at church, two young men, one a "unary" pupil, the other "not a pupil," made a raid upon the cupboard and took heartily of the provision that had been put out for the colored boy's dinner. Not being satisfied with that, they broke the lock of the safe and scattered the apples, pears, and pies, cakes and other eatables. Undoubtedly they are looking for Kansas grasshoppers to come this way, and are improving present opportunities by storing in.

Some farmers are pasturing their meadows to save them from being devoured by grasshoppers, which are becoming numerous.

Dishes of peas are making their appearance at the dinner table, a luxury rare this season.

At Harrison Grange on the 5th of June, we had a good time, were blessed with peace and plenty. Everything went off quietly and peacefully. Our visiting friends from neighboring Granges were welcomed and thankfully received. We partook of the numerous refreshments with which the table was spread, and the fragments that remained were plenty and to spare.

In our afternoon session interesting speeches were made by Brothers Drake, Mackall and others.

The best fields in our locality will not be sown to stock in the fall and there will be at least one-fourth that is sowed that will not be cut.

Mr. Jubel Henry says that it pays better to sell off stock in the fall and keep his grain, hay, &c., and sell in the Spring, than to do so to winter, and says that he intends to do so in the future.
